

Hillcrest Board Meeting
Minutes
September 19th, 2017

Attendees: Sheila Brown, Michelle Peete, Yvonne Dupree, Karen Williams, Kenneth Burke, Monica Evans, Michelle Phipps Evans, Mary Ross, Jeanne Contardo, Toya Carmichael.

The meeting held via conference call was called to order by Karen Williams and 07:35 PM.

Mary Ross requested that the board take a position and submit a letter to DCRA regarding the development of the property at 3011 Park Drive and the adjacent vacant lots.

Motion: issue a letter to DCRA addressing concerns regarding the property at 3011 Park Drive and the adjacent properties and those concerns include that work should be halted until all permits are issue and permits are displayed in a public manner. Motion passed.

Mary Ross will draft the letter and President Williams will sign and send to DCRA.

Lt. Netter is retiring and President Williams will send a card from the board.

Hillcrest Day – permits have been paid \$650.00 down from the original estimated. DPR waived the staff overtime cost. Report given by Toya Carmichael.

Sheila Brown reported that plans are underway for the October 21st Delaware Park trip. Needs support from all board members.

Jeanne Contardo reported on two transportation issues:

- V5 bus is under consideration for elimination – WMATA issued a survey regarding service reductions; survey period ends October 21st. Jeanne asked Michelle Evans to put the information on the listserve, twitter and notify the ANC.
- The timing of the traffic lights in the neighborhood appear to have been shortened/changed. The PSA meeting is scheduled to address the issue. Michelle Evans has noted that when sitting in traffic for long periods you can dial 671-DDOT (202 671-3368) which is the traffic management system to notify them that the lights are not changing in a timely manner. There is a signal optimization project underway.

Motion: approve the September 2nd, 2017 minutes as submitted. APPROVED

Meeting adjourned at 8:09PM

Respectfully submitted,

Yvonne Dupree
Recording Secretary
